

1 convert hours into minutes

```
#include <stdio.h>
int main() {
    int hours, minutes;
    printf("Enter hours");
    scanf("%d",&hours);
    minutes=hours*60;
    printf("%d hours is %d minutes",hours,minutes);
    return 0;
}
```

```
Enter hours5
5 hours is 300 minutes
```

```
=== Code Execution Successful ===|
