

1 convert minutes into hours

```
#include <stdio.h>
int main() {
    int hours, minutes;
    printf("Enter minutes");
    scanf("%d",&minutes);
    hours=minutes/60;
    printf("%d minutes is %d hours",minutes,hours);
    return 0;
}
```

```
Enter minutes180
180 minutes is 3 hours
```

```
